The following letter from the Chief Engineer of Mysore :—

With reference to para 3 of Government Proceedings No. R. 841-50—L. R. 169-11-4, dated the 28th July last, I have the honor to forward herewith, for the information of Government, a copy of the report received from the Executive Engineer, Mysore Division, under his letter No. 776, dated the 5th November 1911, on the damage sustained by the several anikats and channels in that Division. The statement appended to the report shows only the approximate cost of repairing the works.

2. Of the important anikats and channels in the district, only the following seem to have seriously suffered :—

The Devaroy anikat,
The Virjanadi anikat,
The Rajaparameswari and Ramaswami anikats,
The Madavamantri anikat,
The Mandigere channel,
The Kalhalli anikat and channel, and
The Kanmambadi anikat.

3. The cost of making good the damage is estimated at Rs. 27,800 and the Executive Engineer has been asked to set apart as much as could be spared out of the annual maintenance grants for repairing the anikats and channels during the present season. Detailed estimates have also been called for, for the important works which require immediate attention.

(ENCLOSURE.)

Letter No. 776, dated the 5th November 1911, from the Executive Engineer, Mysore Division, to the Superintending Engineer, Southern Circle.

As ordered in Chief Engineer's No. 6971, dated the 3rd August 1911, calling for a report as to the damage caused by the floods of July last, and the steps taken or proposed to be taken to restore the same, I have the honor to submit the following report :—

1. *I. Irrigation works.—The Chamaraja anikat and channels.*—This is the 1st anikat across the Cauvery in this Division. The flood rose 12½ feet above the anikat, but caused no damage to speak of to it. A few coping slabs are displaced, and some damages occurred to the channel banks in the 1st and 2nd miles where the channel runs close to the river bank. Restoration of these damages is estimated to cost Rs. 1,500. The breaches in the channel were closed immediately the damages occurred and the full supply level is maintained in the channel.

2. *The Mirle anikat and channels.*—This is the 2nd anikat in the Division. The floods rose 8 feet above it. The anikat is made of dry rough stones, a few of which appear to have been displaced, but not many. The top of the returns at the end of the anikat near the head sluice being just 8 feet above the crest of the anikat, and the wing wall on the river side lower still, the water rushed over the returns and wings and scoured away the river bank, leaving a very narrow bank between the channel and the river, and the rushing of the water over the head sluice into the channel also scoured away the channel bank, which was mostly sandy for a considerable distance. Luckily there was no breach of the channel bank and there was no interference to the supply in the channel being maintained. Besides the above damage at the head of the channel, breaches occurred at three other places in the channel, the bunds being low at those places, the channels being ungraded. Restoration of these damages so as to avoid similar occurrences in future is estimated to cost Rs. 700. Work to the extent required for keeping up the F. S. L. in the channel was carried out immediately and there is no interference to irrigation.

3. *The Chunchinkatte* is the 3rd anikat from which the Ramasamudram channel takes off; no damages occurred either to the anikat or the channel.

4. *Thippur Anikat.*—This is the 4th Anikat and the floods discharged 7 feet over the anikat. The anikat is of dry rough stone and has suffered some damage from the floods in 2 places. There are 2 gaps, one of 80 feet long and one of 150 feet in length, the concrete

coping and 3½ feet in depth of stones appear to have been displaced. Restoration of these gaps is estimated to cost Rs. 2,200 which can be taken in hand only after December. In the meanwhile the gaps have been closed by temporary ring bunds of gunny bags, etc., and the supply in the channel is maintained. The channel did not suffer any damage to speak of.

5. *The Chikdevarayasagar anikat* (the 5th in the Division). The depth of flood over the anikat was 6¾ feet. It rose up to the level of the beams carrying the gear rods of the head sluices and in flowing over the left wing-wall of the anikat caused some deep scours in the revetment. At the right end of the anikat, the training bank was breached to a length of 15 yards. Repair of these damages is estimated Rs. 900. The breach in the training bank has been closed by a ring bund for the present and will be filled up in due course. No damages have occurred to the channel.

6. *The Devaroy anikat* (the 6th in the Division). Coping slabs to the extent of 150 feet in the aggregate are fallen down and two breaches of 2 feet in depth of a total length of 50 feet have occurred. The repairs of these will cost about Rs. 1,000. Ring bunds are being put across the gaps to keep up the supply in the channel which has not suffered.

7. *The Virjanadi anikat* (the 7th anikat). This is an old rough stone anikat of very shaky construction. The total length of the anikat is 750 feet, of which 210 feet in length is breached and about 240 feet more damaged in rear. Restoration of the anikat to its original condition will cost about Rs. 5,000, for which detailed estimates are under preparation. The breach is being closed by a ring bund to keep up the level in the channel which has not suffered till now.

8. *The Rangardoddi anikat* (the 8th across the river). About 80 feet in length of coping slabs are gone, and a small gap of 6′ by 2′ formed in the body wall. Repairs will cost Rs. 200.

9. *The Rajaparameswari anikat.*—Breaches varying in depth from 3 to 4 feet occurred in three places making in all 150 feet in length. These have been temporarily closed by sand bags. The restoration of the anikat will cost roughly Rs. 3,000.

10. *The Ramaswami anikat.*—This is a very old rough stone anikat and is in continuation of the Rajaparameswari anikat, both of them together fitting a 9th anikat across the Cauvery in this district. During the floods of July, which rose to 8 feet above the anikat, breaches varying in depth from 3 to 4 feet have occurred in three places in the anikat aggregating a length of 160 feet, and the concrete coping has been washed away in many other places. Temporary dams have been put across the breaches to maintain the supply in the channel. The repairs of the breaches will cost about Rs. 3,000. The channel bank which brings a river in the 1st two furlongs has also got the river-side revetment washed away, which will cost about Rs. 900 to reset. Detailed estimates will be submitted immediately.

11. *Mahadevamantri anikat and channels.*—This is the 10th anikat across the Cauvery in this district. The floods rose to 9 feet 2 inches above it. For about 120 feet in length the rear portion of the anikat was displaced to a depth of about 6 feet which will cost about Rs. 3,000 to repair. The level in the channel has not suffered thereby. The channel was overtapped by the floods in several places in the 1st mile and caused several breaches but not much.

12. *The Mandagiri anikat and channels.*—This is the first anikat on the Hemavati. The height of flood was 7¼ feet. Beyond a small gap 10 feet long and 3 feet deep in one place, and the washing away of the concrete coping. No other damage has occurred to the anikat. The channel bund has been scoured on the river side for the first half mile. The repairs to the channel and anikat may cost roughly Rs. 2,000.

13. *The Hemagiri anikat.*—This is the second anikat on the Hemavati. The height of flood was 7½ feet over crest. Beyond a scour in the left bank close to the wing wall, no further damage occurred. Cost of repairing this will be Rs. 300.

14. *The Kalhatti anikat and channel.*—(The third on the Hemavati.) The height of flood was 10½ feet. Out of the total length of 1,002 feet of the anikat, the coping slabs have been washed off to an aggregate length of 500 feet which may cost about Rs. 2,000 to replace. Minor damages to the channel have occurred which may cost about Rs. 500 more to repair. There is no interference to the supply in the channel at present.

15. *The Kannambadi anikat and channel.*—This is a very old anikat of rough stones. During the recent floods it breached in three places to an aggregate length of 170 feet. The whole anikat requires reconstruction and in view of the fact that the channel and the lands under it will be submerged by the Cauvery Reservoir under construction, restoration of the anikat is unnecessary, but temporary filling up of the breaches to keep up the supply will amount to Rs. 2,000 for the anikat and channel.

Land Revenue, dated 4th April 1912.

16. *On the Lakshmanthirtha*, there are five anikats. None of them or the channels drawn therefrom suffered damage from the floods.

17. *The Lakshmanapur anikat*, on the Nugu river, suffered damage to the extent of Rs. 500 at the wing.

18. No damages occurred in the Hulhalli and Rampur anikats or their channels from the floods.

ROADS AND BRIDGES.

19. The most important damage that occurred under this head was of the Wellesley Bridge at Seringapatam. The floods rose one foot above its parapet level, and washed away portions of the parapets of the north end, and deeply scoured the approach at the south end. The bridge itself remained intact. The traffic was interrupted only for three days, and the repairs to the bridge have been completed at a cost of Rs. 4,500 as per estimate sanctioned already.

20. *The Mysore Talkad-Sivasamudram road* was damaged for about a mile near T.-Narsipur, 18th and 19th miles and a mile at Mudakthorai, 30th mile. Repairs to them cost about Rs. 1,000. The road from Sosale to T.-Narsipur was also damaged in several places estimated to cost Rs. 500 to repair.

BUILDINGS.

21. *The Taluk Cutcherry at T.-Narsipur* was 2 feet 6 inches under water as well as the Travellers' Bungalow there and slight damages to the walls and flooring occurred requiring Rs. 500 to repair.

GENERAL.

22. A statement is appended showing the details described above. Detailed estimates for the restoration of all of them are under rapid preparation, and will be submitted very shortly. Owing to the water in the river still discharging over the anikats, the exact extent of damage cannot yet be judged and the figures given here are rough approximations.

Though the damages to the irrigation works have been many, immediate measures to restore the water supply were adopted and the irrigation has not anywhere suffered in consequence of the floods, nor any inconvenience to traffic left unremedied.

Proceedings of the Government of His Highness the Maharaja of Mysore.

Statement of the approximate cost of repairs of damages caused by the floods of July 1911, Mysore Division.

READ—

Government Order No. R. 5252-58—Ft. 71-09-4, dated the 31st January 1910, permitting the Antersante and two other kavals attached to the late Hunsur Cattle Depot being thrown open for cultivation and directing that the same be divided into suitable survey numbers and disposed of at an upset price or by auction.

2. Letter No. 7615, dated the 29th January 1912, from the Revenue Commissioner in Mysore, making certain recommendations regarding the grant of Antersante Kaval for cultivation.

No. R. 5605—L. R. 336-11-2, DATED BANGALORE, 9TH APRIL 1912.

ORDER THEREON.—The kaval is in the Heggaddevankote Taluk and is divided into two separate blocks, a northern and a southern block, by the intervening Manchagowdanahalli Forest Plantation. It is reported that while it would be advantageous to dispose of the lands in the southern block in public auction as a village called Krishnarajpuram village has already sprung up in it, it is necessary to offer some concessions to enable the poorer agriculturists to take up the lands in the northern block and bring them under cultivation, as they would otherwise be bought up by some rich cattle breeders for pasture. Government are pleased to sanction the disposal of lands comprised in the southern block in public auction. Those of the northern block may be held in reserve, the grazing rights therein being sold year by year or for periods of two years at a time. Where population is sparse and the pressure on the land not great, it would be undesirable to cause a movement of population from occupied to unoccupied tracts by the temptations of favourable terms.

Subject No. 131 of the Proceedings of the Representative Assembly of 1910, regarding transfers of ownership of house and building sites being noted in the Kaneshumari Account (Village Form No. 12).

2. Letter No. 12652, dated the 16th June 1911, from the Revenue Commissioner in Mysore, reporting that information in regard to transfers of ownership of houses and building sites is generally received and noted in the Kaneshumari Accounts and that cases of omission will be attended to by the Jamabandi Officers, if the same are brought to their notice at the time of Jamabandi.

No. R. 5771-9—L. R. 403-10-3, DATED BANGALORE, 16TH APRIL 1912.

ORDER THEREON.—Government observe that the Kaneshumari Account is intended to be a statistical statement furnishing information regarding the number of inhabitants, live-stock, agricultural implements, houses and sites in each village, and not a record of individual rights, and that entries made therein can have, therefore, no effect on such rights.

Government Order No. R. 4995-5004—L. R. 146-09-2, dated 24th January 1910, permitting the Amrut Mahal Department to get Amrut Mahal kaval lands cultivated directly or by means of temporary leases whenever they are not required for grazing, and directing that due publicity be given whenever lands are to be let out.

READ ALSO:—

1. Memo submitted by the Deputy Commissioner, Kadur District, on the 8th October 1911 (at the meeting of the Representative Assembly) stating that the bed of the Hirenallur tank, Kadur Taluk, included in the Amrut Mahal kaval was leased out by the Amrut Mahal Department during the years 1907-08, 1908-09, and 1909-10 and that on his having taken objection to the cultivation of the bed on the ground that the restoration of the tank was under consideration in the Revenue Department and that the cultivation of the bed would render the tank less useful after restoration, the Superintendent, Amrut Mahal Department, replied that the tank bed in question would not thenceforward be leased out for cultivation without reference to the Deputy Commissioner.

2. Letter No. 1935, dated 30th November 1911, from the Military Secretary to His Highness the Maharaja forwarding letter No. 178, dated 21st November 1911, from the Superintendent, Amrut Mahal Department, furnishing information as to the extent of kaval land cultivated during 1909-10 and 1910-11 and the rent derived therefrom, and stating that there is no great demand for kaval lands for temporary cultivation from the raiyats and that they are taken up only by the employees of the Department and those interested in the grazing of the outskirts of kavals on varam tenure.

3. Unofficial note dated 25th January 1912, by the Revenue Commissioner in Mysore suggesting that as the Revenue Department is best able to dispose of such lands to the advantage both of the raiyats and of Government, the Amrut Mahal Department may be directed to dispose of such lands in conjunction with the Revenue Department and that in any case the lands should be sold by public auction.

No. R. 5828-37—L. R. 248-11-4, DATED BANGALORE, 18TH APRIL 1912.

ORDER THEREON.—Government observe that a dual controll over the Amrut Mahal kavals by the Revenue and the Amrut Mahal Departments is likely to cause friction and that the temporary cultivation of the lands is meant to improve the quality of the land for purposes of pasture by keeping the land free of weeds and jungle. It is also understood that during the past few years the lands cultivated have been leased on varam tenure, the Amrut Mahal Department getting a share of the produce.

2. The cultivation is thus purely in the interests of the Amrut Mahal Department and Government consider that no change in the existing practice is called for. Such of the lands as may be conveniently leased out for cultivation will continue to be leased by the Amrut Mahal Department. In the statement submitted by the Superintendent, Amrut Mahal Department, the realization is shown as Rs. 2 per acre and it is hardly likely that the kandayam levied by the Revenue Department would be more than this. There is no objection to the lands being leased to the servegars and other employees of the Amrut Mahal Department so long as a fair rent is secured and the cultivation is carried on in such a manner as not to interfere with their legitimate duties. The Military Secretary to His Highness, in charge of the Amrut Mahal Department, should see that a fair rent is recovered, and that rent is properly collected and the proceeds duly credited into the Treasury. Tank beds should not, however, be given out for cultivation except under the conditions laid down in Rule 16 of the Land Revenue Rules and with the concurrence of the Deputy Commissioner.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land (Revenue), dated 22nd April 1912.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 32 of 1911-12.

Appellant	*Vs.*	Respondent
Shanbhog Gundappa, residing at Bagepalli.		Shanbhog Nanjundappa, residing at Bagepalli.

Subject.

Appeal against the order of the Deputy Commissioner, Kolar District, declining to transfer the khate of certain shanbhog service inam lands from the name of the respondent to that of the appellant.

Facts of the case.

The respondent and the appellant are brothers. The shanbogi of the three firkas, *viz.*, Bagepalli, Jeenojirlu, and Sadlivarpalli, in the Bagepalli Taluk, stood registered originally in the name of their father; and on the latter's death, the shanbogi and the khate of the shanbogi service inam lands were registered in the name of the respondent as being the elder of the two sons. Subsequently, in a partition between the appellant and the respondent, the two firkas, Jeenojirlu and Sadlivarpalli, fell to the share of the appellant and they were registered in his name and that of his minor son, Sankarappa, respectively. The khate of the service inam lands, however, continued in the name of the respondent.

The appellant, Gundappa, applied on 9th November 1909, for the transfer of the patta of some of the service inam lands to his name, urging that when the shanbogi of his fuka had been registered in his name, the khate of the service inam lands should have been likewise transferred simultaneously. The Sub-Division Officer, Mr. G. Aravamudu Iyengar, ordered the registry of the patta of the inam lands of the several firkas in the name of their respective shanbogs on the ground that the inam lands should go with the office.

On appeal preferred by the respondent, the Deputy Commissioner, Mr. C. Srikantesvara Aiyar, set aside the order of the Sub-Division Officer, observing that the Inam lands did not form part of the emoluments of the office and their khate could not therefore be transferred from the name of the respondent without his consent.

Against this order the appellant preferred an appeal to the Revenue Commissioner. The appeal having been withdrawn from the Revenue Commissioner's file under Section 210A of the Land Revenue Code, came on for hearing on 1st March 1912, when the appellant was present in person. The respondent, though served with notice, was absent.

Order.

The inam lands do not form part of the emoluments of the office. The only condition attaching to them is that they should be held by a member of the hakdar family. The Deputy Commissioner's order declining to transfer the patta is correct and the appeal is dismissed.

Copy forwarded to the Deputy Commissioner, Kolar District, with the records received with his letter No. 7649, dated 21st March 1911, (2) to the Revenue Commissioner in Mysore with the request that the decision may be caused to be published in the *Revenue and Agricultural Gazette*, and (3) to the Deputy Commissioners of other Districts.

No. R. 5968-76—L. R. 358-11-1, DATED BANGALORE, 25TH APRIL 1912.

ORDER.—Government have had under their notice recently a case of a Devadaya Inam land having been for a long time in the possession and enjoyment of a person unconnected with the religious institution to which the Inam had been originally attached, although the institution itself had ceased to exist several years previously, service therein had been discontinued and the Inam had become liable to resumption.

2. In order to prevent similar unauthorized enjoyment of Inams granted for special purposes and to secure the early detection of such cases, Government are pleased to direct that a note should be made annually in the remarks column of the Village Account Form No. 8 (Register of alienated lands), as to the condition of the Inam and whether the service for which it was granted continues to be performed. Amildars and Jamabandi Officers should check a fair percentage of these entries during their Jamabandi and other tours. Enquiries similar to those enjoined in the case of village service Inams in accordance with Government Order No. R. 1041-2—L. R. 54-07-2, dated 7th August 1907, should be required to be made during the annual Jamabandi in the case of all Inams which are held subject to any conditions.

No. R. 6087-95—L. R. 493-09-4, DATED BANGALORE, 29TH APRIL 1912.

ORDER THEREON.—The tanks are all restored ones handed over to the raiyats for upkeep under the Tank Maintenance Rules. The raiyats having failed to do the annual maintenance work for a number of years, they have not been allowed to enjoy the fishery in the tanks and remove the grass under Rules 17 and 23 of the Land Revenue Rules. A sum of Rs. 461-1-0 is stated to have been realised by the sale of the fishery and the grass by public auction and the proceeds are held in deposit. It is proposed to utilize this amount towards the execution of repairs to the tanks.

2. The Revenue Commissioner is of opinion that such a concession cannot be claimed under the rules, but he recommends sanction to the proposal, as the action of the local authorities has raised an expectation in the minds of the raiyats that the cost of repairs would be so recouped and the concession would tend to mitigate the hardship of making them liable for the entire cost after the lapse of so much time, while it would not in any way interfere with the right of Government to enforce their responsibility fully if necessary.

3. Government observe that raiyats have no unconditional right to the fishery in the tanks and to the grass growing on the bunds, and they are allowed to enjoy their rights under Rules 17 and 23 of the Land Revenue Rules when they carry out the annual repairs to the tanks regularly. When they neglected the maintenance of the tanks, the rights were properly withdrawn from them. Under the Tank Maintenance Rules of 1904, the raiyats have been treated with great indulgence and there is already a great tendency on their part to shirk their responsibility as much as possible. Government are not in favour of showing them any concessions which are indirectly calculated to promote this spirit. The amount held in deposit should be credited to the proper head and the responsibility of the raiyats enforced under the rules.

4. It behoves the Deputy Commissioner to see why one or more of these tanks may not be brought under the operation of the Tank Panchayet Rules.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 44 of 1911-12.

Appellant	*Vs.*	Respondent
Sooriah of Alahalli village, Kankanhalli Taluk.		Chikkunnegowda.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore cancelling the grant of a portion (36 acres and 25 guntas) of gomal Survey No. 174 of the Alahalli village, Kankanhalli Taluk, to the appellant for an upset price and directing the disposal of the same by public auction.

Facts of the Case.

Sooriah (appellant) applied for 40 acres out of gomal Survey No. 174 of the Alahalli village, Kankanhalli Taluk, on 19th January 1907. Thereupon, the land was subdivided into five survey numbers under the orders of the Revenue Commissioner, and while submitting the records to the Sub-Division Officer (Mr. T. Chokkanna), the Amildar (Mr. Ranganatha Row) recommended that they may be granted to the appellant on recovering from him the value of Malki thereon.

2. About this time, the respondent Chikkunnegowda also submitted petitions to the Deputy Commissioner and the Revenue Commissioner, stating that he had also applied for this land and that it might be disposed of by public auction.

3. While submitting his report, the Amildar also stated that Chikkunnegowda had put in a darkhast in 1907, for 20 acres of land out of the same gomal Survey No. 174, but that it was not clear whether this bit formed part of the one applied for by Surappa. He further reported that the shekdar who was required to report on the point, had not submitted his reply. Thereupon, the Sub-Division Officer ordered, on 14th September 1908, that the land should be sold by public auction.

4. The lands were then advertised for sale on the 19th October 1908, but it was not held on that date as the lands could not be indentified without the map.

5. Meantime, Surappa had been submitting petitions to the Sub-Division Officer that the land was subdivided at his request and at his expense, and that it should not be sold by public auction.

6. On perusing the records, the Sub-Division Officer observed that Chikkunnegowda's darkhast of 16th December 1907 did not relate to the land chosen by Surappa, and directed that the five survey numbers in question might be granted to him on receipt of a Malki fee of Rs 50 from him. The lands were accordingly made over to Surappa in August 1909.

7. Chikkunnegowda then preferred an appeal to the Deputy Commissioner, Mr. B. J. Kumarasami Naik, who rejected the appeal on the ground that a large extent out of the gomal Survey No 174 was still available and that Chikkunnegowda might apply for another bit.

8. On appeal to the Revenue Commissioner, the orders of the Sub-Division Officer and the Deputy Commissioner were set aside and the lands were ordered to be sold by public auction. In pursuance of the above order, the sale was held by the Amildar on 12th July 1911, and the lands in question were purchased by the respondent Chikkunnegowda for Rs. 377-3-0 including local cess and the full amount was credited in the Taluk Treasury on 18th July 1911.

9. Hence the present appeal.

10. The case came on for hearing on the 29th March 1912, when both the parties were present, with their Advocates, Messrs. D. Venkataramaiya and K. T. Narasimmiengar, and were heard.

Land Revenue, dated 29th April 1912.

Order.

There were more applicants than one for the lands. The fact that the lands had been subdivided on his application did not give the appellant any prior right to get them without a public sale. The Revenue Commissioner's order directing sale by auction was not wrong and Government declines to interfere.

READ—

The Report on the work of the Agricultural Department in Mysore, for the year 1910-11, submitted by the Officer in charge of the Agricultural Chemist's Office with his letter No. 267, dated the 16th September 1911.

No. R. 5491-501—AGRI. 28-11-7, DATED BANGALORE, 3RD APRIL 1912.

ORDER THEREON.—The report is an interesting record of the work done during the year under the direction of Dr. Coleman in the departments under his charge. Steady progress was made in agricultural, mycological and entomological investigations and in bringing to the notice of the people improved methods and implements, by means of demonstration and lectures and by the sale of tested implements.

2. Three important bulletins were published during the year and four others were nearly ready for publication at the end of the year. A hand-book on agricultural methods and practices is foreshadowed and promises to be useful. The need for experimental and demonstration farms in the different well-defined soil-tracts in the State is emphasized by Dr. Coleman at para 33 of his report and deserves attention.

3. The experiments conducted in the Hebbal Farm in regard to the use of green manures (cow-pea and avare) for ragi, the best time and mode of ploughing for this crop and the utility of Campbell's Subsurface Packer, and in regard to the cultivation of paddy and sugarcane, will be brought to the notice of raiyats by bulletins under preparation and otherwise. Chemical analyses of several kinds of manures were undertaken and raiyats are encourgaged to take the advice of the Agricultural Department in the choice of manures.

4. The implement depot which was opened last year has been doing good work, and the total value of the several kinds of implements and machinery sold amounted to Rs. 4,863-9-0. The importance of seed selection is kept in view and an interesting method of testing by means of salt water, in vogue in Japan, is being tried. Advantage was taken of the several jatras and fairs to depute Agricultural Inspectors to lecture and carry on demonstrations on agricultural subjects. The co-operation of landholders is being secured for testing on their private holdings the improved methods of paddy and sugarcane cultivation suggested by experiments on the Farm, including the application of green manures and single seedling transplantation.

5. The superiority of spraying as a remedial measure against Koleroga of Supari over every local method is reported to have been demonstrated beyond dispute. Ninety-one gardens convering an area of 55 acres were sprayed and the work has now reached a statge in which, it is stated, the garden-owners should be able to carry it on for themselves in future. Campaigns against insect pests such as the rice and jola grasshoppers were organized on a small scale and it is proposed to adopt vigorous measures more extensively during the present year in order to eradicate these pests. Other pests such as the *Kamblihula* and the ground-beetles are also being studied.

6. Spike disease in sandal could not be investigated as the time of Dr. Coleman and his Assistants was otherwise fully absorbed.

7. Government are glad to record their appreciation of the good work done by Dr. Coleman and his staff.

Correspondence ending with letter No. 3234, dated the 21st September 1911, from the Revenue Commissioner in Mysore, recommending the system of disposing by cremation at Government cost, of carcasses of animals dying of infectious diseases on the roadside and requesting sanction to the allotment of Rs. 500 required by the Inspector of Cattle Diseases for the purpose.

No. R. 5986-95—AGRI. 127-10-6, DATED BANGALORE, 26TH APRIL 1912.

ORDER THEREON.—Government are of opinion that the carcasses of animals dying of infectious diseases on the road side should be disposed of without delay in such a manner that they should cease to be a source of further infection. Burning them appears to be cheaper and more effective than burying in a pit, which means cost of conveyance and of digging pits deep enough and closing them. The proposals of the Revenue Commissioner to burn the carcasses are therefore approved. All owners of animals should be warned that the responsibility to dispose of the carcass primarily rests with them and they should be compelled to attend to the disposal of the carcass at once. An owner who throws away by the roadside the carcass of an animal which dies of an infectious disease, is liable to prosecution under the Penal Code. In cases of imminent danger, the carcass should be at once burnt and the cost recovered from the owner.

2. In cases in which the owners are not found or are destitute, the cost should be borne by the District Boards, for which necessary provision should be made in their budgets from next year. For the current year the Revenue Commissioner is requested to suggest funds by reappropriation.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forest), dated 29th April 1912.

READ—

Letter No. 11831, dated the 23rd May 1911, from the Revenue Commissioner in Mysore, urging the desirability of investing local officers with the power, at present reserved to Government, of sanctioning free grants of building materials from State Forests in cases of destruction of houses by accidental fires.

2. Unofficial note dated 16th May 1911, by the Conservator of Forests in Mysore, suggesting that the power may be delegated to him.

No. R. 6096-105—FT. 54-11-1, DATED BANGALORE, 29TH APRIL 1912.

ORDER THEREON.—The Deputy Commissioners of Districts have been empowered to sanction free grants from District Forests and not from State Forests, which are not under their control. The only restriction that appears necessary, before allowing materials to be taken from State Forests is that a responsible officer is satisfied that they are not available in the District Forests or that their removal therefrom is exceptionally difficult. When the Deputy Commissioner recommends the grant from the State Forests, and the Conservator agrees to it, further reference to Government appears unnecessary. Government are, therefore, pleased to accept the Conservator's suggestion and to empower him to sanction grants from State Forests, when the value of the materials does not exceed Rs. 25 in each individual's case.

2. Where the value of the materials exceeds Rs. 25 or where the Conservator cannot accept the Deputy Commissioner's recommendation, the matter should be referred for the orders of the Government.

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (General Finance), dated 4th April 1912.

READ—

Letter No. B. and R 538, dated 9th February 1912, from the Comptroller, Mysore Government, submitting a report on the Resource Operations for 1910-11.

No. FL. 4229-38—G. F. 347-11-2, DATED BANGALORE, 4TH APRIL 1912.

ORDER THEREON.—Recorded.

2. It is gratifying to note that the balances in the treasuries were above the fixed minima during all the months of the year. As stated by the Comptroller, there is not much use in remitting money to the Bank during the slack months. But during the period between December and May every endeavour should be made by the Deputy Commissioners to remit any surplus over the prescribed minima as a matter of routine to the State Huzur Treasury before the close of each month.

3. Supply bills do not seem to be popular. A diminution in the amount for which supply bills are issued and the throwing open of more treasuries than are now thrown open to be drawn upon and to draw would be more effective, and the Comptroller is requested to take such step as he may think fit, to popularise the measure.

J. S. CHAKRAVARTI,
Financial Secretary.

Letters No. 3581—Loans 647, dated 5th December 1910, and No. 5360—T. A. D. 639, dated the 13th March 1911, from the Comptroller to Government, submitting the statements noted below of loans and advances for the year 1909-10:—

1. Special loans.
2. Other loans.
3. Loans to encumbered Jahgirdars.
4. Advances for irrigation wells.
5. Loans for do
6. Loans to sagavali kattes.
7. Loans for improvement of lands for plant.
8. Loans for restoration of tanks.
9. Land improvement loans under the revised rules of November 1908.
10. Takavi loans do do
11. House-building advances.
12. Mysore Weavers' Lines.
13. Advances on account of Famine of 1891-92.
14. Takavi advances under the old rules.

No. FL. 4345-54—G. F. 289-10-3, DATED BANGALORE, 9TH APRIL 1912.

ORDER THEREON.—Recorded.

2. Government observe that no recoveries have been entered towards the repayment of the loans in the cases of Nandagudi Family, Bakshi Thippiah's Family and some others. The properties mortgaged to the Government on account of the loans have been placed under the Government management, and it can hardly be that there have been no recoveries. Attention is invited to the instructions laid down in Rule 120 of the Land Revenue Rules, and Government Proceedings Nos. 3798-3807—Circular 67, dated the 17th July 1890, and R. 3453-61—L. R. 217-06-2, dated the 3rd December 1907 and R. 7402-10—L. R. 423-09-1, dated the 29th April 1910, in the interests of both the Government and the mortgagors.

3. The attention of the Comptroller is invited to Government Proceedings No. Fl. 6157-61—G. F. 390-10-4, dated the 21st June 1911, modifying the conditions of the loan granted to Mr. D. Devaraj Urs, and he is requested to report for the information of Government, the exact amount of the balance outstanding.

4. The question of placing the financial relations of the Government with the Mysore Spinning and Manufacturing Company on a satisfactory basis is under consideration.

5. With respect to the loans and advances for irrigation wells, loans for sagavalikattes, loans for improvement of lands for plantations, loans for restoration of tanks, takavi loans under the old rules and land improvement loans under the revised rules of 1908, Government observe that large sums of money are still outstanding. Here again it behoves the Revenue authorities to adopt proper measures for regular and punctual recovery.

6. The figures given in the statement relating to takavi advances under the old rules do not seem to be accurate. The recoveries relating to takavi advances under the revised rules of 1908 have been credited to the recoveries relating to takavi advances under the old rules. The Comptroller is requested to apply the necessary corrections in the matter.

7. The attention of the Deputy Commissioner, Mysore District, is invited to the large amount remaining unadjusted out of the advances to the Mysore Weavers' Lines, and the Famine advances of 1891-92. A special report should be submitted about these advances.

Financial Secretary to the Government.

No. Fl. 4239 / S. R. 172-11-2

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 4th April 1912.

FROM

C. S. BALASUNDARAM IYER, Esq., B.A.,
Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

To

The Commissioner of Stamps in Mysore, Bangalore.

SIR,

With reference to your letter No. 200, dated 12th February 1912, forwarding an extract from the inspection notes of Mr. J. E. Rozario, *Ex-officio* Inspector of Stamps, Bangalore, regarding the alleged insufficiency of the stamp duty levied on a lease deed, and soliciting instructions as to the procedure to be adopted for the recovery of the deficit stamp duty, I am directed to state that in cases such as the one under reference, the procedure to be adopted is to bring the irregularities observed to the notice of the Deputy Commissioner concerned by sending to that officer an extract from the notes of inspection, besides sending it to Government and to the Chief Court as has been done in the present instance. The Deputy Commissioner will be expected to take needful action if such has not already been taken on the Munsiff's own reference to the Deputy Commissioner under Section 38 (1) of the Stamp Regulation.

I have the honor to be,
Sir,
Your most obedient servant,
C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

No. Fl. 4240-7—S. R. 172-11-2, DATED BANGALORE, 4TH APRIL 1912.

Copy forwarded to the Deputy Commissioner, Bangalore, and other Deputy Commissioners of Districts.

By Order,

C. S. BALASUNDARAM IYER,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Letter No. 3712—451, dated the 16th March 1912, from the Officiating Inspector-General of Police in Mysore, submitting the following Report on the working of the Mysore Game and Fish Preservation Regulation for the calendar year 1911 :—

(1) During the year, there were 256 licenses issued under the Regulation against 269 of the previous year, showing a decrease of 13 licenses. The decrease has been in the three districts except those of Kolar, Mysore and Shimoga, where there have been increases. The largest decrease, *viz.*, 24, is in the Bangalore District, which has not been explained.

(2) Of the 256 licenses, 212 are District game licenses, 22 District game licenses including State Forests, 15 Provincial game licenses and 7 agricultural game licenses, and 160 of these have been taken out by Europeans and Eurasians and 96 by natives. The amount of license fees recovered during the year is Rs. 1,779-8-0 as against Rs. 1,806-8-0 in the preceding year.

(3) The following statement shows the districtwar details :—

Letter No. 3711-450, dated 16th March 1912, from the Officiating Inspector-General of Police in Mysore, submitting the Report on the working of the Mysore Arms Regulation during the calendar year 1911 :—

"I have the honor to submit the following Report on the working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1911.

2. The Statement No. 1 hereto appended shows the total number and description of licenses issued under the several forms.

It is seen therefrom that 15,773 licenses or 65 more than the number issued, during the year 1910 were issued during the year under report. The increase is mostly under forms IV and VI, *viz.*, "License to possess arms or ammunition and to go armed for purposes of sport, protection or display" and "License to possess fire-arms, ammunition or military stores."

3. There is a general increase in all the districts, except Mysore. Hassan and Kadur, but the largest increase *viz.*, 116, is in the Shimoga District. The District Magistrate explains that the increase is due partly to the issue of licenses to applicants whose arms had, in the previous years, been seized and deposited in the Police Stations and partly to the fact that some of the exempted persons, such as patels, etc., who happened to possess more arms than one were made to take out licenses for the extra number of arms in their possession.

4. During the year 1911, no licenses were taken out in Forms I and VI, *viz.*, "License to transport arms, ammunition or military stores and "License to go armed on a journey," against 7 and 1, respectively, taken out in the preceding year.

5. The total number of licensed dealers in sulphur is 70 against 72 in the previous year. The quantity of sulphur on hand with the dealers at the beginning of the year was 12 tons, 16 cwts., 2 qrs. and 6$\frac{1}{8}$lbs. or 14 cwts. and 25 lbs. less than the closing balance on the last day in the previous year. This deficiency in the opening balance on the 1st January 1911, is accounted for by the fact that the stock in hand on the 31st December 1910 with 4 licenses, two in the Mysore district and one in each of the districts of Hassan and Shimoga, not having been brought into account during the year 1911 for these did not renew their licenses and transact business. The quality of sulphur purchased and that sold during the year was 8 tons, 12 cwts. and 10$\frac{1}{4}$ lbs. and 11 tons, 12 cwts., 3 qrs. and 26$\frac{1}{4}$ lbs. respectively, Thus, there remained with the dealers unsold at the end of the year 9 tons, 15 cwts., 2 qrs., and 18$\frac{11}{16}$ lbs. of sulphur. As reported last year, sulphur was used for the preparation of medicines and fire-works.

6. During the year 95 shops were licensed in Forms II and III, as against 106 in 1910. Excluding 3 shops in the Bangalore District, which had been closed throughout the year, there were only 92 shops for inspection. Of these shops, the Superintendents of Police inspected 42, Police Inspectors 66, and Magistrates 52. The number of shops left unvisited during the year was 7 or 7·6 per cent as against 11 or 10·3 per cent in the year previous, showing an improvement in this direction.

7. Forty cases involving 43 persons were prosecuted for breaches of the provisions of this Regulation, of which 34 cases involving 37 persons ended in conviction, 3 cases with 3 persons were either discharged or acquitted and 3 cases with 3 persons were pending at the end of the year. The following statement shows districtwar details :—

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Local Boards), dated 18th April 1912.

READ—

Government Order No. 10318-20—L. B. 240-10-8, dated the 19th June 1911, sanctioning the proposal of the District Board of Kolar to raise a debenture loan of three lakhs of rupees for meeting the cost of construction of the narrow gauge railway from Bowringpet to Kolar.

2. Government Order No. 289-93—Ry. F. 124-11-12, dated the 5th December 1911, guaranteeing the payment of four per cent interest on the actual expenditure on the railway, for a period of twenty-five years, commencing from the time the line shall have been opened for public traffic, interest during construction being charged to capital, and directing that the District Board do recoup to Government every year the amount paid by Government to make up the four per cent guarantee and also make provision to form a sinking fund to pay off the loan capital at the end of that period.

3. Letter No. 28, dated the 10th February 1912, from the President of the District Board of Kolar, stating that a loan capital of 3 lakhs (three lakhs) of rupees has already been raised and invested in three and a half per cent Government of India Securities, and requesting sanction to the proposal of the District Board to raise a debenture loan of another lakh of rupees for constructing a metre gauge-railway from Bowringpet to Kolar instead of a narrow gauge.

No. 7656-8—L. B. 42-11-10, DATED BANGALORE, 18TH APRIL 1912.

ORDER THEREON.—The estimates now prepared for the line show that the cost of constructing a narrow gauge railway of ten miles from Bowringpet to Kolar will be Rs. 4,08,000 and that of constructing a metre gauge railway of the same length will be Rs. 5,11,452. In either case, it is necessary that the debenture capital should be raised. In the circumstances, Government are pleased to accord sanction to the proposal of the District Board of Kolar to increase the amount of the loan by one lakh of rupees for meeting the cost of construction of the railway, thus raising the loan capital of the railway from three to four lakhs of rupees. The question of gauge will receive separate consideration. It is observed that in Government Order No. 289-93—Ry. F. 124-11-12, dated the 5th December 1911, Government guarantees interest at four per cent on "the actual expenditure on the railway" under certain conditions and that the guarantee will apply to the present increased loan capital without any further order of Government in the Railway Department.

2. The President of the District Board of Kolar is requested to be so good as to expedite the submission of the report called for in this office letter No. 4894—L. B.-42-11-5, dated the 22nd January 1912, about the sources of income which the District Board will set apart for recouping to Government the interest paid and also for forming the sinking fund to pay off the loan capital.

READ—

Letter No. 30 D. B. R.—6, dated the 4th March 1912, from the President of the District Board of Kolar, submitting proof copies of each of the three denominations of debenture bonds for rupees one hundred, rupees five hundred and rupees one thousand, proposed to be issued to the debenture loan holders of the Bowringpet-Kolar Railway and requesting sanction to their issue from the 1st April 1912.

2. Correspondence ending with letter No. 926, dated the 23rd March 1912, from the same officer.

No. 7664-6—L. B. 42-11-11, DATED BANGALORE, 19TH APRIL 1912.

ORDER THEREON.—The form of the bond is approved.

2. The President is authorized to issue the bonds to the debenture loan holders of the Bowringpet-Kolar Railway from the 1st April 1912, with the countersignature of the Comptroller, who is requested to order the payment of interest from Treasuries.

3. The Comptroller is also requested to be so good as to arrange for the safe custody of the blank forms of the debenture bonds and for their issue to the President of the District Board of Kolar from time to time as they are required.

No. 7883-93—L. B. 201-10-3, DATED BANGALORE, 26TH APRIL 1912.

ORDER.—In supersession of all previous orders on the subject, Government are pleased to direct that the accompanying heads of account be adopted for recording the income and expenditure of the Local Boards under the Local Boards Regulation and the Kolar Gold Fields Sanitary Board from the beginning of the year 1912-13, and that the budget estimates of these Boards be prepared in future in the accompanying Forms A to I in accordance with the rules contained in the Civil Account Code and appended to Government Order No. Fl. 1150—1192-18-1901-02, dated the 7th February 1903, and the rules under the Local Boards Regulation.

2. For purposes of re-appropriations of sanctioned grants under District Funds the heads to which the letters A, B, C, D, E, and F are affixed shall be deemed to be major heads.

3. The Comptroller is requested to be good enough to revise the monthly cash account form and statements explaining the difference between the accounts of the Presidents and the Treasury Officers, to be submitted to his office, and forward them to the Superintendent of the Government Press for being printed. The Presidents are requested to send at once indents for the number of copies of the Cash Account form required by them direct to the Superintendent of the Government Press, who will be good enough to supply the same with the least possible delay.

4. Government note that in consequence of the Local Audit scheme recently introduced and the alterations sanctioned in the present Government Order, the existing rules under the Mysore Local Boards Regulation require revision. The Comptroller is accordingly requested to examine the rules and report to Government at an early date what modifications are required.

READ—

Rule 6 of the rules regulating the terms, vacations, holidays and fees in High Schools published in Government Notification No. 6847—Edn. 183-10-3, dated the 18th February 1911 that " a pupil who has attended any portion of a term must pay the fee for the whole term."

2. Letter No. 5923—406, dated the 24th January 1912, from the Inspector-General of Education in Mysore stating that the above rule causes hardship to students leaving one school for another in the middle of a term by way of double payment of fees and suggesting some modification in the rule to remove the hardship.

No. 7290-1—EDN. 203-11-2, DATED BANGALORE, 3RD APRIL 1912.

ORDER THEREON.—Government are pleased to direct that in the case of students leaving one Government School for another in the middle of a term under proper sanction, no fees shall be levied in the new school for that term as the full term fees would have been paid in the former school under the existing rules. The same rule will apply to the case of students leaving under proper sanction one aided school for another or one aided school for a Government school and *vice versa*, but the first school levying the full fee for the term should pay over to the second school a proportionate amount of the term fees already collected.

In both cases a fresh admission fee will be payable by the pupil to the new school which he joins.

READ—

Correspondence ending with letter No. 1579, dated 9th December 1910, on the subject of amendments to the Standing Orders of the Mysore Imperial Service Lancers.

No. 1106-8—MILY. 118-08-11, DATED BANGALORE, 23RD APRIL 1912.

ORDER THEREON.—The amendments proposed by the Inspecting Officer, Hyderabad and Mysore Imperial Service Cavalry and Mysore Transport Corps, have been considered by the Government in consultation with the Chief Commandant, Mysore State Troops.

2. The amendments relate to (1) pension rates and rules, and (2) purely Military matters. As regards the former the Government consider that no change in the pension rules is necessary as far as Officers are concerned. But in the case of Non-Commissioned Officers and men, the following amendments are sanctioned :—

(1) Ordinary (minimum) pension will be given after a service of 18 years, instead of after 20 years as at present.

(2) The ordinary (minimum) pension is raised from Rs. 3-8-0 to Rs. 4 in the case of Trumpeters and Farriers.

(3) Trumpeters, Farriers and Sowars retiring after a service of 19 years or more will receive an increment of pension for each year of service in excess of 18 and up to 32. The increment will be two annas per year for the first two years, that is, for a service of 19 and 20 years, and one anna extra for each additional year. Similarly Lance Duffedars will get an increment to their pensions of 4 annas for the 19th and 20th years of service, respectively, and 2 annas extra for each year in excess of 20 up to 32.

Para 248 (*b*) of the Standing Orders will accordingly be amended as shown below :—

(*b*) Non-Commissioned Officers and Sowars.

Rank or title	Pay	Allowance	Total	Pensions	
				Ordinary, after 18 years' service	Superior, after 32 years
	Rs.	Rs.	Rs.	Rs.	Rs.
Regimental Duffedar-Major ...	51	...	51	8	13
Do Trumpet-Major ...	37	...	37	6	10
Do Farrier-Major ...	37	...	37	6	10
Squadron Duffedar-Majors ...	42	4	46	7	12
Do Quartermaster Duffedars	42	4	46	7	12
Dafadars	42	...	42	6	10
Lance-Duffedars	35	...	35	4	6
Trumpeters	31	...	31	4	5
Farriers				4	5
Sowars				4	5

NOTE.—Trumpeters, Farriers and Sowars retiring after a service of 19 years or more will receive an increment of pension for each year of service in excess of 18 and up to 32. The increment will be two annas per year for the first two years, that is, for a service of 19 and 20 years, and one anna extra for each additional year. Similarly Lance-Duffedars will get an increment to their pensions of 4 annas for the 19th and 20th years of service, respectively, and 2 annas extra for each year in excess of 20 and up to 32.

3. . The amendments in respect of purely Military matters are generally accepted, as per Appendix to this Order.

APPENDIX.

AMENDMENTS AND ALTERATIONS TO THE STANDING ORDERS OF THE MYSORE IMPERIAL SERVICE LANCERS.

Section 1, para 28.—Add after "huts" "that no dung or horse litter for use as fuel is stored by the men in their houses or courtyards."

Para 50.—Line 2, after "from" insert "the Madras Arsenal or."

Section 11, para 113.—Line 2, omit "and with new shoes" and insert "or have his old shoes removed. Farriers are responsible that this is done as often as may be necessary."

Para 115.—Substitute the following for this para:—"Every Farrier must keep up a board showing the date on which each horse in the Squadron has been shod."

Para 119.—Add at the end of this para "bringing their showing boards with them, see para 115."

Para 136.—Omit.

Paras 137 to 305.—Alter the number of paras "137 to 305" as "136 to 304."

Section 111, para 158.—Line 3, after "Lance" add "or sword or present arms."

Para 161.—Line 3, after "Lance" add "or pay the usual compliments."

Add after para 203:—

"Para 203 (*a*).—When a person subject to the Military Regulation is struck off the strength of the Regiment and is subsequently apprehended, tried, and imprisoned in the Regimental Quarter Guard, prisoners' room or cell, he is entitled to a subsistence allowance at the rate of two annas a day."

Para 205.—In the detailed statement of guards below "sick line guard" add "Bells of Arms guard:" "Duffedar 1, Lance-Duffedar 1, Sowars 24."

Para 213 (*e*).—Omit and alter the remaining paras "(*f*)" "(*g*)" and "(*h*)" to "(*e*)" "(*f*)" and "(*g*)."

Heading of para 227.—After "Recruiting" insert "at Bangalore."

For para 227 substitute the following:—

"All recruits offering themselves for enlistment will be first inspected by the Commanding Officer and if found to be up to the standard fixed for the Regiment, and of the proper caste, they will be sent in charge of a Non-Commissioned Officer for medical examination by the Medical Officer of the district of not less rank than Assistant Surgeon; on being reported physically fit they may be enlisted by the Commandant subject to the approval of the Chief Commandant at his next inspection.

N.B.—The Medical Officer of the Regiment will be authorised to examine the recruits by a separate order if there is any delay in the Victoria Hospital."

Military, dated 23rd April 1912.

Omit pages 1—3 containing the substance of Government Order No. 5166-7—190, dated 21st February 1907, etc., on the enlistment of recruits.

For para 238 substitute the following:—

"Para 238.—(i) The columns of the Recruit Roll Book will be filled in for every recruit proposed for enlistment, and the Medical Officer will enter in column 10 the date of examination, and whether the recruit is physically fit or unfit for the service, and will initial each case. The Commandant will rule through the names of men found unfit and enlist those passed as fit at once by putting his initials and the date in the column provided for the purpose. He will then submit an extract from the book in the prescribed form (Appendix) showing in column 11 under his initial the recruits enlisted and the squadrons to which they are posted.

(ii) Recruits passed fit by the Medical Officer at Bangalore will draw pay from the date of Medical Examination if finally approved by the Chief Commandant.

(iii) Recruits should not be entertained in excess of existing vacancies."

For the present para 239, substitute the following:—

"III. (*a*) *Recruiting at out-stations.*—(i) Whenever necessity arises recruits may also be provisionally entertained by recruiting parties sent out for the purpose under the orders of the Chief Commandant. When the Commandant applies for such orders he should give details as to the places the parties intend to visit.

(ii) The names of recruits proposed for enlistment will be entered in a roll book (*vide* para 238) and taken for medical examination to the dispensary nearest their homes.

(iii) If found fit, they will be provisionally entertained and will draw Rs. 6 per mensem from the date of medical examination until their arrival at head-quarters (Bangalore) where they are to be passed for final admission into the service.

(iv) On the return of the recruiting parties to headquarters, the Commandant will enlist (subject to the Chief Commandant's approval) such of the recruits as are in his opinion fit for the service, by initialling the recruit book in the usual way and will reject others. He will then submit the roll under his initials as detailed in para 238.

(v) On enlistment, the recruits will draw the full pay of their grade, but until the Chief Commandand approves of them they will not be considered as finally passed into the service though they will in all cases be attested immediately after they are enlisted by the Commandant to render them liable for punishment for "desertion."

(vi) Recruits provisionally entertained will be paid a marching allowance at the rate of one anna and 6 pies for every 12 miles from their villages to the nearest railway station, fraction of 12 miles being neglected, and a 3rd class ticket or a railway warrant for the railway journey to headquarters.

(vii) The recruits rejected will be given return fare to their villages and marching allowance at the rate mentioned in the above para and sent back at once

Para 246.—For sub-paras (*a*) and (*b*) substitute:—

"After a service of more than five years and under 20 years (or in the case of Non-Commissioned Officers and men, under 18 years) a gratuity of three months' pay (including, good conduct pay) for every complete five years' service will be given any balance being omitted from calculation."

Insert this new paragraph:—

"247(*a*). When a Sowar is pronounced unfit to continue in the service by the Medical Officer of his Regiment on account of some physical defect or an incurable disease and should the confirmation of his opinion by higher authority be considered necessary the Sowar should be sent to a Medical Board convened by the Senior Surgeon for its opinion."

247(*b*).—Make 247 as 247 (b).

248(*a*) (i).—Insert after "20 years" "and for the last pension 32 years."

Para 251.—After "service" in line 1 insert "in the case of Commissioned Officers and 18 years' service in the case of Non-Commissioned Officers and men" and for "20" at the end of line 2 substitute "18."

For para 252 substitute:—

"Para 252.—Non-Commissioned Officers and Sowars will be liable to be retired by the order of the Chief Commandant on attaining the age of 52 years. Commissioned Officers of and above the rank of Jemadars may also be similarly retired with the approval of Government."

Para 253.—Line 4, omit "men" and insert "Ressaldars, etc."

Para 254.—Omit.

Para 265.—Substitute the following for this para:—

"Sick leave can only be granted on the recommendation of the Standing Committee to be appointed by the Senior Surgeon with the Government of Mysore."

Para 306.—Omit.

Paras 307-380.— Alter the number of paras "307 to 380" as "305 to 378."

Para 317.—Substitute for this para the following:—

"Camps are not under any circumstances to be pitched on ground where cholera has recently shown itself.

In marching through tracts where infectious disease may be prevalent, such sanitary and other precautions as the Medical Officer considers necessary must be carefully observed. In the event of an outbreak of any infectious disease during a march the party should ordinarily halt at once and take such immediate measures to check the spread of the disease as the Medical Officer may consider desirable."

For heading and para 350, substitute:—

"Section VI, para 350.—

I. Duties of the Chief Veterinary Officer.

1. Rank.

The Chief Veterinary Officer will rank junior to the Commandants but senior to the other Officers of the Corps.

2. He is on the staff of the Chief Commandant, Mysore State Troops, and will, under his orders, superintend the professional work of the Veterinarians in the Regiment and issue the Chief Commandant's orders on all veterinary matters.

3. Except in such professional matters, the Veterinarians of Regiments are, as usual, subject to the control of their respective Commandants.

II. Duties.

4. The Chief Veterinary Officer is responsible for the efficient performance of the veterinary duties in the Regiment and for prompt measures being taken for the suppression of an outbreak of contagious or infectious disease among the horses and mules belonging to them.

5. He is responsible for hospital stores and medicines and will satisfy himself that they are properly looked after and are economically expended, that indents for the same are properly scrutinized and that books, registers and records in connection with them are correctly maintained.

III. Inspections.

6. The Chief Veterinary Officer will, in communication with the Commandant, inspect once in a week (or oftener when necessary) all animals under his professional charge and will carefully look into all matters connected with the health of the animals. He will also correspond direct with the Commandants on subjects concerning the health of the animals.

7. He will inspect the shoeing and satisfy himself that the Regimental Farrier Establishment is efficient and that the principles of shoeing are properly observed.

8. He will satisfy himself that the Mobilization Veterinary Equipment is complete, serviceable and properly arranged.

9. When a body of troops leave headquarters, the Chief Veterinary Officer will see that it is supplied with a proper porportion of instruments and medicines.

10. He will report to the Chief Commandant on the condition and health of animals, when troops leave or return to headquarters.

IV. Reports and Returns.

11. The weekly and other reports from individual Corps to the Chief Commandant's Office should be submitted by the Assistant Veterinarian through the Chief Veterinary Officer, copies of the same, if necessary, being submitted to the Commandant.

12. The Chief Veterinary Officer will submit to the Chief Commandant's Office annually an administration report on the veterinary work in the Regiments in his charge.

V. Veterinary Class.

13. The Chief Veterinary Officer will take steps to organise Veterinary classes (with the help of the Veterinarian) for training Farriers and Salustries in their work and for imparting instructions to Officers and Non-Commissioned Officers in elementary Veterinary duties.

14. The Chief Veterinary Officer will, if necessary, accompany the Imperial Service Lancers on field service.

II. SICK LINES AND VETERINARIAN.

The Assistant Veterinarian, though in charge of the sick lines, is under the Officer Commanding and the Chief Veterinary Officer and is equally with other officers amenable to the orders of the Officer Commanding the Corps. Any interference with his professional duties is, however, unauthorised."

Para 358.—Line 2, omit "two salustries" and insert "the two sick line salustries and the squadron salustries generally."

Para 360.—Line 2, omit "the Commanding Officer" and insert "the Chief Veterinary Officer."

Para 363 (3).—Line 1, omit "Namda" and insert "blanket."

Para 364 (*j*).—Line 2, in note on feed, for "4 seers (Bangalore)" substitute "5 pounds kulthi and 4 pounds chenna (Bengal gram)" and add at the end of the note 2. "The Commanding Officer should, however, be permitted after obtaining the advice of the Chief Veterinary Officer to change feeds at his discretion to suit the season of the year and the kind of work being done provided the total authorised cost of this feed is not exceeded."

For Para 372 substitute:—

"Para 372.—All grain will be issued and feeds calculated by weight. Boiled grain is twice as heavy as dry grain. Scales and weights to be kept in each squadron.

Para 375.—Read "Horses are only to be washed by order."

In the line below "Section 7.—Miscellaneous" omit "I. Entraining" and for "II" and "III" before "parades" and "skill at arms" substitute "I" and "II" respectively.

Section VII.—Omit paras 381 to 391.

Heading of Para 392.—For "II" substitute "I."

Paras 392 to 532.—Alter the number of paras "392 to 532" as "379 to 519."

Heading of Para 413.—For "III" substitute "II."

Section IX, para 484.—Add after "Hospital" at the end of the para "or in the wards provided for the purpose."

Para 497.—Alter the whole para as follows :—

"The pay of the Medical Officer as also that of the Hospital Assistant will be drawn separately by the officer concerned and that of the whole Hospital establishment in the Regimental pay bill through the Commanding Officer."

Para 504 (*i*).—Line 4, omit "Chief" before "Commandant."

Para 512.—Insert at the end of the para "and shall not leave the lines without the sanction of the Medical Officer."

Section IX.—For para 532, substitute the following and omit the remaining paras to the end of the Standing Orders, Part I :—

"Detailed instructions for Hospital arrangements on service are contained in Field Service Regulations Chapter IV and all steps to be taken on orders being received to mobilize are given in the Mysore Field Service Manual."

Omit Appendix "L."

Part II.—In the sub-headings of para 565 insert "II. Medical and Veterinary establishment" and substitute "III" for "II" before "followers."

Para 565.—Bring under Table I on page 1, the Medical and Veterinary establishment entered at page 2 under Followers as they are not all followers, making a table "II" as under :—

II.

Medical and Veterinary Establishment.—

1 Medical Officer (Assistant Surgeon),
1 Hospital Assistant,
1 Compounder,
6 Dhooly bearers,
1 Hospital Scavenger,
1 Principal Veterinary Officer,
1 Assistant Veterinarian,
2 Sick Line Salustries,

and omit the persons from the list who are included in the Table II above and for "II" at the top of the list of followers substitute "III."

Para 569.—Add :—

"Except under very special circumstances a Duffedar who has attained the age of 35 years will not be eligible for promotion to the commissioned ranks."

Para 573 (*a*).—Line 15, omit "Saddle" and insert "Khogir."

Para 575 (*a*).—Clause 2, line 1, omit "and service until the full donation on account of Chanda has been paid up does" and insert "shall."

Insert the following fresh para :—

"Para 590 (*a*).—If a horse dies within five years of purchase, the death being purely accidental and in no way traceable to the Sowar's neglect or carelessness, the Chief Commandant may cancel the subscription of a month's pay for the issue of a fresh horse.

Para 656.—In lines 1 and 2. omit "Men sick in hospital will be paid on discharge therefrom and" and add "will be paid" between the words "leave" and 'on their return."

Line 5.—Omit "seal" and insert "thumb impression."

Below the heading of Section 12, "Dress and Equipment," insert sub-heading "I. Dress and Pattern" and alter the number of the present sub-headings to "II to VII."

In the supplementary page *re* dress insert at the top the sub-heading "I. Dress and pattern" and make pages "1 to 4" as para 664.

For "I" in the heading of para 664 substitute "II" and number the para as "664 (A)."

For "II" in the heading of para 672 substitute "III."

Military, dated 23rd April 1912.

For "III" in the sub-heading of para 685 substitute "IV."

For "IV" in the heading of para 694 substitute "V."

For "V" in the heading of para 696 substitute "IV."

Section XII, para 696.—Line 2, insert "Mysore" after "the" and omit the words "Equipment Tables" and insert "Manual."

Para 698.—Add at the end of the para:

"The Commanding Officer is responsible that tents issued to the regiments last under ordinary conditions at least seven years."

For "VI" in the heading of para 700 substitute "VII."

In the scale of horses' feed under para 702, for "2 seers" before "kulthi" and "Bengal gram" substitute "5 pounds" and "4 pounds" respectively.

Section XIV, para 707 (*a*).—Line 2, add after "Lancers" "*i.e.*, in Hindustani and Kanarese."

Para 715 (iii).—Line 1, after "Court Martial" add "every award of imprisonment by the Chief Commandant or the Commandant and deprivation of good conduct pay by the Commandant or an award of C. B. over fifteen days."

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 3rd April 1912.

READ—

Government Proceedings No. 2754—Muz. 63-09, dated 17th May 1910, confirming the order of the Deputy Commissioner, Tumkur District, directing the restoration of Achiah to the Archakship of Sri Ranganathaswami and other temples at Hutri village in the Kunigal Taluk, and observing that this order does not prevent the Deputy Commissioner from investigating the complaint petitions against Achiah, and passing such orders as may be called for even to the extent of displacing the Pujari, if necessary and expedient.

Petition registered No. 774, dated 8th November 1911, from Ranganna, Nanjunda and certain other residents of Hutri, appealing against the Deputy Commissioner's order directing that as the Pujari Achiah does not indulge in any objectionable food or drink, he may, as decided by Government in the above order, be restored to his place.

Letter No. 248, dated 27th December 1911, from the Deputy Commissioner, Tumkur District, reporting, with records relating to the appeal.

No. 2370—MUZ. 295-11-4, DATED BANGALORE, 3RD APRIL 1912.

ORDER THEREON.—The case was heard before Government on the 15th March 1912, when the parties were represented through their Advocates.

2. The witnesses of each party support the side they have espoused. The appellants should clearly prove that Achiah has behaved in such a manner as to forfeit his caste. They have not done so, as the opponents of the respondent are all clearly actuated by party feelings. There is no reason to interfere with the Deputy Commissioner's order. The appeal is dismissed.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 4th April 1912.

No. 179-189, DATED 4TH APRIL 1912.

ORDER.—Consequent on the demise of His Holiness Sri Sachchidananda Sivabhinava Narasimha Bharati Swamigalu of the Sringeri Matha, it has devolved upon the Government of His Highness the Maharaja to make efficient arrangements to manage the affairs of the Matha and to safeguard its properties till his successor becomes capable of taking charge of the management in his own hands.

2. Mr. N. Srikanta Sastry, who was the Agent appointed during the lifetime of the late Swami, will continue to act in the same capacity, until further orders, subject to the supervision and control of the Deputy Commissioner, Kadur District.

3. The Deputy Commissioner will get an inventory of all the properties belonging to the Matha, both within and outside Mysore State, made by the Agent, as soon as possible, and also submit for the orders of Government a budget of estimated receipts and expenditure for a period of one year with effect from 1st April 1912.

(8) Letter No. 261, dated 17th January 1912, from the Deputy Commissioner, Mysore District, furnishing the information called for in letter No. 604, dated 26th November 1897, read above, and submitting proposals for the efficient management of the Dharmasala.

No. 2411-13—MUZ. 480-08-7, DATED BANGALORE, 17TH APRIL 1912.

ORDER THEREON.—Jaggu Lala's Dharmasala at Mysore is a Muzrai institution endowed with a monthly cash grant of Rs. 72, from Government and the dharmadaya inam village of Kuppagala in the Mysore Taluk. It has been endowed with other valuable property by the founders, *viz.*, the sons of Jaggu Lala, a wealthy Bania merchant of Mysore.

2. The usual charities conducted are giving doles of grain and cash to Byragis and to beggars with occasional presents of vessels and clothes and keeping a water pendal on Chamundi Jatra day.

3. Complaints about the mismanagement of the charity having been received, Government, in the first two orders read above, directed that the manager Subrahmanya Lala, a granhdson of Jaggu Lala, should furnish accounts to the officers of Government and that if he failed to do so, the Dharmadaya Inam village of Kuppagala should be taken under Government management.

Subrahmanya Lala having failed to produce the accounts, the management of the village was assumed by the officers of Government.

Subsequently he produced the accounts and agreed to abide by the orders that Government may pass for the efficient management of the charity. Although complaints of mismanagement have not ceased, the Deputy Commissioner of the Mysore District and the Muzrai Superintendent after visiting the institution and going over the accounts, have recommended the restoration of the management of the village to Subrahmanya Lala and his continuance as the sole manager of the charity under proper safeguards.

4. The proposals submitted are that a Committee with the City Magistrate of Mysore, as President and Teju Rama Lala and a few others as members should be formed to supervise Subrahmanya Lala's management of the charity; that the members should have no direct part in the management; that the cash income should in the first instance be credited to the Treasury in favour of the institution; that all the paddy of the endowed lands or the rice to which it may be converted should be stored in one or more barns in the presence of one at least of

the Committee members and the barn or barns locked and sealed separately by the manager and the Committee member; and that similarly the taking out of paddy or rice should be in the presence at least of one of the Committee members; that the manager should have an imprest of Rs. 150 in cash and 5 pallas of rice; that daily abstracts of accounts should be sent to the President of the Committee, who may ask any one of the Committee members to enquire about the accuracy of the figures for any particular day. That Teju Rama Lala with one of the other Committee members by turns should audit the accounts monthly; that the Committee should hold a meeting every month and consider the accounts with auditor's report; that the amount required for the recoupment of the imprest should be drawn on a bill countersigned by the President of the Committee; that the Proceedings of these monthly meetings be written in a bound book; that the dole of chillies, green-gram, etc., to new byragis should be stopped and cash payment should be raised to one anna per head; that the accounts shown below be maintained in proper form:—

(*i*) Kacha Roz, (*ii*) Pukka Roz, (*iii*) Ledger, (*iv*) Monthly and Annual Abstracts, (*v*) Register showing the amounts realised in cash and the credit thereof to the Treasury, (*vi*) Register showing the names of new and old byragis to whom doles are given every day, with the signature of the parties, (*vii*) Register showing the receipt and issue of paddy and rice, (*viii*) Baraward showing the disbursement of pay, etc., (*ix*) Register of nehimidars, (*x*) Daily abstract of accounts;

that repairs of buildings, etc., be undertaken after obtaining the sanction of Government.

5. Government considering these proposals suitable, are pleased to sanction them.

6. A separate notification appointing the Committee will be issued.

7. The Deputy Commissioner, Mysore District, is requested to prescribe, in consultation with the Muzrai Superintendent, if necessary, the forms of accounts to be maintained.

8. The management of the inam village of Kuppagal will be restored to Subrahmanya Lala with effect from 1st July 1912.

9. Government are further pleased to sanction the scale of expenditure recommended by the Deputy Commissioner, Mysore District, and the Muzrai Superintendent, and appended to this Order.

10. The Deputy Commissioner, Mysore District, is requested to separately investigate Teju Rama Lala's complaint that Subrahmanya Lala has been misappropriating to himself lands in Kuppagala which belong to this Dharmasala or to Sri Srikanteswaraswami temple in that village.

Proceedings of the Government of His Highness the Maharaja of Mysore, Public Works, dated 15th April 1912.

READ—

The Administration Report of the Electrical Department for the year 1910-11, submitted by the Chief Electrical Engineer with his letter No. 3408 dated the 9th September 1911.

NO. 134-44—C. P. S., DATED BANGALORE, 15TH APRIL 1912.

ORDER THEREON.—During the year under review, the actual receipts and expenditure amounted to Rs. 15,99,179 and Rs. 6,62,380 against the budget provision of Rs. 15,27,000 and Rs. 7,53,800, respectively. Deducting from the expenditure the capital outlay incurred, *viz.*, Rs. 32,860 and the payment of Rs. 2,84,354 towards the depreciation fund, the working expenses amounted to Rs. 3,45,166. The net revenue realized was therefore Rs. 12,54,013 as against Rs. 16,23,348 in the past year. The large decrease in the revenue is due mainly to the gradual reduction in the rate for power supply to the Kolar Mining Companies, *viz.*, from £24 to £10 according to the terms of their contract.

2. The financial results of the scheme to end of 1910-11 are summarized below:—

	Rs.
Capital outlay	82,61,696
Revenue	1,48,78,051
Working expenses including depreciation and interest on capital outlay	70,09,175
Net receipts	73,68,876
Average percentage of net receipts on outlay per annum ...	8·10

3. The question of introducing the penal clauses dealing with cases of malicious interference with transmission wires, as provided in the Indian Electricity Act, is now engaging the attention of Government. It will form the subject of separate orders. As regards the encroachments on the three-feet pathway along the transmission line, the Chief Electrical Engineer is requested to submit definite proposals to enable Government to lay down rules to minimise the evil. The Deputy Commissioners of the Mysore and Bangalore Districts will also be requested to report on the subject.

4. Since His Highness' Government have practically decided to proceed with the Fourth Installation of the Cauvery Power Scheme, with a view both to protect the present supply and to meet the growing demand of the Mining Companies for more electric power, the Chief Electrical Engineer is requested to take steps to rectify the defects in the plant, etc., noticed in paragraph XV of his report.

5. During the year under report, the Department was controlled by Mr. Gibbs with his usual zeal and ability. Government observe with satisfaction the testimony borne by that officer to the satisfactory work done by the members of the Department as a whole.

Secy. to Govt., P. W. Dept.
